17221	**Iqhilika African Gold Coffee Mead**	$21.99	N/A	N/A
	"This exclusive coffee is blended with Makana Meadery's Sweet Mead to produced a robust beverage ideal for accompanying after-dinner treats. A bit of caramelized honey has been added to the recipe to integrate the flavors of African wildflowers with the roast expressions of the coffee." - Reviewed by: Producer			
21319	**Iqhilika Honeysun Chili Mead**	$21.99	N/A	N/A
	"This mead is somewhat of a shock to the senses. African Birds Eye Chili or Habanero Chlli lends an interesting wooded nose to the mead, which is entirely overwhelmed by the first sip, which clears the sinuses in a way similar to that of eating half a cup of Wasabi with a sushi roll. This mead is best served as an ice breaker at dinner parties, especially if the food will be hot." - Reviewed by: Producer

Acid/tannin/alcohol balance perfect. Significant tartness carries all the way through. Very bold tart flavors." - Reviewed by: Producer
