	"Pale cloudy orange with a creamy tiny bubbled lace, vague citrus peel hits the nose with a soft bluntness also. Soft lemony fermented wheat twang, hint of coriander with a powdery yeast undertone in the aroma. Moderate body, smooth and creamy with a light malt crispness which mostly comes from the wheat. Big burst of sweetness at first from the malt and coriander, hops are distant and let the spices be dominant throughout. A very well manufactured texture makes up for the loss in depth of the vague spices other than coriander. Hints of citric peel and light pepper corns find their way to the taste buds. Neutral powdery yeast creeps it way to the flavor threshold. Crisp wheat is very refreshing and seems to linger for ever and evolves into an increasingly crisp and semi dry finish. Somewhat sweeter and softer than other Belgian Style White Ales, not bad at all but does lack some depth." - Reviewed by: Beeradvocate.com

	The recipe for this beer is based off of the fist genuine lager brewed in California, by a small brewery named Boca in 1876. And boy does it taste like it. It is reminiscent of an old school German or Czech lager; it is clean, crisp, and has some bite on the finish that you usually find only in European lagers. The king of California lagers, Anchor, strikes again. - Reviewed by: Kyle Fornek

	"This is a very scary sounding beer that works surprisingly well. You first notice the wasabi upon opening the bottle where it joins some malt and spice aromas. The beer pours hazy copper tinted amber under a 2” very finely bubbled lightly copper tinted off-white foam cap. As the creamy brew sweeps over the palate, malt, fruit, a light bitterness and a touch of sweetness first appear then a little wasabi heat comes through on the finish with a little vegetal astringency. In the middle you start to notice flavors suggesting Sake and realize it’s the red rice that is being used to slim down the body while boosting the alcohol. Sam Calagione is using the wasabi instead of hops and he manages to squeeze just the right amount of bitterness out of the wasabi to balance the malt and the red rice while keeping the wasabi heat to reasonable levels." - Reviewed by: Beeradvocate.com
