39183	**St. George Terroir Gin**	$34.99	**$29.99***	14%

Terroir Gin is our ode to the wild beauty of the Golden State. Distiller Lance Winters has a passion for exploring place and memory through distillation, and the aromas of the coastal forests on California's Mount Tam were what inspired him to start making gin in the first place. Terroir Gin has an intense earthy, woodsy nose and flavor derived from Douglas fir, California bay laurel, and California coastal sage—complemented by bright, citrusy top notes. This is a unique and proudly Californian gin with a sense of place and poetry. ST. GEORGE BOTANIVORE GIN

39181	**St. George Botanivore Gin**	$34.99	**$29.99***	14%

Botanivore Gin (our "botanical eater") earned its name because it's loaded with botanical ingredients. We distilled 19 different botanicals to compose this spirit (no small feat!) and the resulting gin is beautifully balanced and vibrant. Lance compares this gin to an orchestra where all the components are working in harmony. Deliciously herbacious and bright, Botanivore is a versatile addition to any gin cocktail.

"Greyling Modern Dry Gin is a contemporary American take on a traditional style gin. It's made in a copper pot still where the essence of the botanicals is captured by vapor-extraction. We start with a somewhat pared down recipe. The base spirit begins as Michigan Hard Red Winter Wheat and the botanicals include juniper, coriander, grapefruit and orange peels. We add a special variety of culinary grade lavender grown in northern Michigan to this mix. The lavender balances the acid in the citrus, provides a light sweetness, and gives a subtle floral aroma, which yields an approachable gin. Greyling can be enjoyed neat or mixed in classic cocktails." - Reviewed by: Producer

Enjoy just over ice with a twist." - Reviewed by: Cigar Aficionado			
53123	**Smooth Ambler Barrel Aged Gin**	$49.99	N/A	N/A
	"Using our award winning Smooth Ambler Greenbrier Gin as the base distillate, we age half of this product in new bourbon barrels and the other half in used Old Scout bourbon barrels for 3 months. This aging adds unique flavors of burnt caramel and burnt sugar with a bit of lemon meringue notes. It sips like a gin and finishes like a whiskey. It can be used anywhere a standard London Dry gin would be used, but it’s best in cocktails." - Reviewed by: Producer

	"With serious citrus, a bit of black-pepper spice, and light and pleasant Juniper notes, Smooth Ambler Greenbrier Gin exudes the cool smoothness our brand-name implies. Our gin is designed to have a rich and luxurious mouth-feel, without being overly “piney” like a lot of typical, by-the-book Dry, British gins. Named for our home, the hills that surround us, and the birthplace of the pace of life where Smooth Ambler was born, Smooth Ambler Greenbrier Gin is served as well in a Gin and Ginger as it is in a classic Gin and Tonic – or wherever else you want it to Amble." - Reviewed by: Producer
