113911	**Kubler Absinthe**	$44.99	N/A	N/A

"Rich black licorice, white pepper, spice, and meringue aromas follow through on a soft, supple entry to a dryish medium-to-full body with a lots of dried hay, wet stone, and crushed anise layers. Finishes with a long, hot, anise and drying wormwood tea-like fade. A pure, dry and precise absinthe. Tasted louched as an absinthe cocktail: Milky white pearl color with a blue cast. Nutty and herbal wormwood notes mesh on the nose with the anise. The palate smoothes out and becomes more even and integrated. Finishes with a touch of mint and metal ore in addition to anise and wormwood. A rich, balanced, and sophisticated cocktail." - Reviewed by: Beverage Testing Institute

113971	**Mata Hari Absinthe**	$39.99	N/A	N/A

"Brilliant peridot color. Pungent medicinal herb, melon rind, bitter lemon peel, cinnamon bark, and spicy meringue aromas follow through on a brisk, lively entry to a mildly sweet medium-full body with wintermint, honey, camphor, and clove accents. Finishes with a long, mint leaf and aniseed husk fade. Tasted louched as an absinthe cocktail: Round, balanced with great interplay of mint, spice, herb, citrus, dried flowers and milder bitter artemesia pontica notes. Very refreshing as an aperitif or digestif; would make a brilliant introduction to absinthe." - Reviewed by: Beverage Testing Institute
