	"The nosing passes find soft sugary/molasses smells and aromas of marshmallow, almond paste and light toffee. The palate entry is slightly smoky and properly sweet; tastes of honey and vanilla extract are found at midpalate. The finish is smooth, soft and very drinkable. Finishes with a long, sensuous fade of warm chocolate, cream, and bourbon barrel oak. A hedonistic delight with wonderful depth of flavor and complexity." - Reviewed by: Beverage Testing Institute

	"A syrupy textured mixer comprised of liquid sucrose, lime juice, almond and clove essences and water—not to be consumed neat. Clove and lime juice on the nose. Thick and sweet on the palate, but the lime juice acts as the perfect balance for the high-octane liquid sucrose. Scores of applications in cocktails." 90-95 pts. - Reviewed by: The Wine Enthusiast
