	"Overall this smoked beer ranks right up there with the best from Schlenkerla, and the juniper adds just a hint of earthiness that's well served here. If you're a fan of smoked beers then this one is well worth a shot." - Reviewed by: Beeradvocate.com

	"Deeply roasted malt, dark fruits and dark chocolate are overlaid with juniper, spruce, mint, nutmeg and an array of other spices. Wood, molasses, dark toffee, peat and smoke are also noted" - Reviewed by: Beeradvocate.com

	"This is a nice, complex beer that is great for winter. The nose is intensely spiced, but the flavor is surprisingly well balanced. Complex but not overwhelming. Try it with a good cheese fondue." - Reviewed by: Beeradvocate.com
