	"Oh baby, this is a nice one. One to have on occasion to bring the whole beer thing into perspective. Meaning that even pale brew can be this complex and flavorful, yet drinkable at the same time." - Reviewed by: Beeradvocate.com

<sup>&</sup>quot;....Tastes thick, complex, sweet, with a strong honey note to it. This beer is also lightly sour which balances wonderfully with the sweetness. This is a world-class beer, and is incredibly well balanced." - Reviewed by: Beeradvocate.com
