	"The attractive 2012 Cabernet Sauvignon Estate, which largely comes from their Yountville vineyards, offers plenty of blackcurrant and blackberry notes intermixed with subtle oak in the background. Medium-bodied with supple tannins, it provides all one would expect from a basic Napa Cabernet Sauvignon. It is a delicious, fruit-forward offering with substance as well as character." - Reviewed by: The Wine Advocate - 88pts

	"The 1995 Clos d'Ambonnay has only recently become expressive. It emerges from the glass with endless layers of fruit, vibrant minerality and a big, building finish. The 1995 is a riper, more generous Ambonnay than the 1996. It will be fascinating to follow both vintages over the coming years and decades." - Reviewed by: The Wine Advocate - 98pts

	"Just beginning to show the early signs of evolution in its color and flavors, the 2000 Clos du Mesnil is in an in between spot where it is ideally cellared for at least another few years, after which it is likely to remain at a plateau of maturity for many, many years. Smoke, crushed rocks, dried pears, spices and chamomile all add nuance as the wine gradually opens up in the glass." - Antonio Galloni, November 2014 - Reviewed by: Vinous - 95pts
